

Orchardville

Transitions and More

The Transitions service is funded through the Big Lottery and Trusts.

We work with young people, in education, aged 16-19, who have a learning disability/Autistic spectrum Condition.

The team comprises of skilled and experienced staff, a Coordinator, Transitions Officers and a Job Coach. In partnership with schools we deliver training. As a team we source work placements with established employers.

Promoting empowerment, independence and developing life skills that are transferable into young adult life is paramount in our service.

# Training (OCN Accredited)

A range of training courses are available which can be delivered within school or at one of our local offices.

- Money Management
- Travel Training
- Employability/Personal Development

- Independence for Work
- Cyber safety
- .....and many more**

# Work Placements

We work with a variety of employers to offer structured and meaningful work placement opportunities. This usually involves one session per week and we work with each school to ensure this can be facilitated.

- Internal/Social enterprise work placements
- Orchard Café
- Industrial Solutions
- Local Businesses

- Local Councils
- Hospitality/Retail
- Reception /Administration
